

**Lyrics: River'll Carry Me (Edit)**

I loved a man who didn't love me  
He worked me to the bone  
I gave him everything  
I told myself - 'this is not right'  
So I dove into the river to save my life

River'll Carry Me To You

I loved a man further down stream  
He held me down with problems  
Ti'l he was drowning me  
I told myself - 'this is not right'  
So I dove into the river to save my life

River'll Carry Me To You

Down Stream  
River'll Carry Me To You  
Down Stream

I'll find my man before I reach the sea  
He'll be a rock  
And he will reach his hand to me  
I'll tell myself - 'this is right'  
And I'll sing him this song as I hold him night after night

River'll Carry Me To You
